### **Not Every Hero Wears a Cape. Plan and Practice Your Escape."**

Practice home fire escape planning during Fire Prevention Week, Oct. 6-12 2019.

Chisholm Fire Department's Fire Prevention Officer, Tim Freeman, is urging Chisholm's families to practice their home fire escape plan as part of Fire Prevention Week.

### **Fire Prevention Week runs from October 6-12, 2019.**

This year's theme is "Not Every Hero Wears a Cape. Plan and Practice Your Escape!" When the smoke alarms sound, everyone must know where to go – that's why it is so important for everyone to have working smoke alarms and to develop and practice a home fire escape plan.

"In a fire, you may have only seconds to safely escape your home," said FPO Freeman. "Practice your home fire escape plan and make sure everyone can get out safely."

Fire and smoke can spread quickly, so be prepared in advance with these simple steps for home fire escape planning:

- Assess the needs of everyone in your home, and identify anyone who requires assistance to get out of the home safely, such as small children or older adults
- Make sure that you have working smoke alarms on every storey of the home and outside all sleeping areas. Make sure everyone in the home knows the sound of the smoke alarm
- Identify all possible exits (doors and windows) and make sure they work. Know two ways out of all areas, if possible
- Everyone must know what to do when the smoke alarm sounds. Assign someone to help those who need assistance
- Identify a safe meeting place outside. Call the fire department from a neighbour's home or cell phone
- Practice your home fire escape plan. Have everyone participate, and continue improving your plan.

The Chisholm Fire Department will be visiting some neighbourhoods this fall to talk about fire safety and the value of smoke alarms and escape planning. We look forward to meeting you.

### Vegetation Maintenance Program

Hydro One will be completing a vegetation maintenance program on the right-of way in Chisholm. Vegetation that requires removal will be marked with orange paint/tape and the vegetation that requires trimming will be marked with blue paint/tape. Any questions and concerns should be forwarded to the Township office at 705-724-3526

### Road Allowances

Just a reminder that it is township property on the sides of the roads. Road allowances are **generally** 66 feet in width so, in theory, from the middle of the road into your property, the township would own 33 ft. Some examples, but not limited to, of things that are not allowed within the road allowances are the planting of trees or shrubs, or installing temporary fencing between the road and the ditch. Any questions and concerns should be forwarded to the Township office at 705-724-3526
